

The Don Hall Trophy - Flag Marshal of the Year

The recipient of the Don Hall Trophy is Steve Cox.

In 10 years of marshalling this marshal has only missed one meeting at Oulton and that due to a borrowed car breaking down on the way to the circuit. This is a record few can match or even aspire to. This year a major test of stamina was manning Chief Flag duties single handed for the two days of the Ferrari Challenge. I for one think that alone was a fantastic show of endurance!!!

Having served time on the bank and then being converted to the art of flagging they have for the last 4 years been a valuable member of the Chief Flag team. In this time as well as becoming a very accomplished and reliable Deputy Chief Flag (a preferred role) this marshal has designed and constructed some of the equipment we use and played a forward role on the annual planning and delivery of flag training.

This marshal is well known and liked around the circuit and in the paddock. The committee has in fact received several nominations for this marshal.

Ultimately a role model marshal and an essential asset to the Club and Oulton Park.
