Chairman's Chatter

As I sat down to write this, I suddenly realised that it is probably the last Chairmans Chatter that I will write. If everything goes to plan, I will have handed the chairmanship of BMMC South Midlands Region to Ian Whiting as he was the successful applicant (only applicant) for the post.

Although Ian is fairly new to marshalling, he has impressed both myself and Marion with the way he took on the Grading Co-ordinator role on the Committee and the way he has settled in to marshalling. He is very approachable and has made many friends in the short time he has been marshalling. He also has some fresh ideas about running the region.

I like to think I am leaving South Mids in safe hands, however, you might note that I have applied to remain on the Committee so I will not be retiring completely. I am not going to be a back seat driver and try to tell Ian how to manage the shop, as an ex-City of London policeman he knows what is what. I will provide help and guidance if asked, and only then.

I had one key objective when I offered to stand as Chair of South Mids when the post was suddenly vacated and that was to keep the region together as a going concern. I think I have just about managed that despite the challenges presented by COVID, lock downs, IT failures, and delicate relationships with Silverstone. Looking back over past Chairmans Chatters I might be seen as overcritical of Silverstone Marshals Team, but nothing could be further from the truth. I enjoy working with the Silverstone marshals and feel I have made some good friends in SMT. On the whole we seem to work well together.

This year we have had the saga of the induction procedures where BMMC marshals volunteering for Silverstone through SMT had to complete an online induction more suitable to a construction worker. Then when marshals were invited to volunteer for MotoGP all marshals were invited to complete the induction, and only then would names be added to the portal and your Silverstone pass would work, but then it didn't. Some marshals are on their fourth 2024 pass. If you volunteered through the organising club, you got tickets sent to you. The system is not working.

Rumour has it that Silverstone is about to start building an International Kart circuit capable of being divided into two National circuits. Imagine the scenario: two National kart meetings and two race circuit meetings (National and International) meetings on the same weekend or substitute Jap Fest & TRAXZ for the car races = CHAOS. But I am a pessimist, this might not happen.

October looks like it is a Finals meeting every weekend followed by the Walter Hayes FF Festival. A veritable feast of motor racing to end the season. ENJOY!

Regional Chair Election

RESULT

As you will have read, our Regional Chair, Chris Whitlock, has decided to retire from his Chair role at the AGM in October 2024. I am sure that you will join with me in thanking Chris for all his hard work as South Midlands Regional Chair since he took on the role in 2019, and wish him all good wishes for the future.

Nominations for the next South Midlands Regional Chair role closed on 17th August at 5 pm. At that time one nomination had been received for the role. That nomination fully complied with all the requirements of the Club Rules, and specifically Rule J.3.3, and the candidate had had the relevant discussions with Club Directors about the nature of the role. In accordance with Rule J.3.6, which states that in the event there is only one candidate for the vacancy then that person is deemed to be elected if they are eligible, I can confirm that **Ian Whiting** is duly elected as the next South Midlands Regional Chair without the need for an electronic vote.

Ian has been on the South Midlands Regional Committee since December 2021, when he took over the role of Grading Co-Ordinator recently vacated by the retirement of Malcom Flippance. Those of you who have upgraded through BMMC South Midlands since that time would have benefited from Ian's now comprehensive knowledge of the New Marshals Pathway, and his quick and efficient processing of your upgrade paperwork.

Ian will continue in the Grading Co-Ordinator role in the short-term and will shadow Chris until he takes up the full role at the AGM in October 2024. I am sure you will all join me in wishing Ian every success in his new role.

Regional Committee Election

RESULTS AND SECOND NOMINATION PERIOD

South Midlands Region BMMC have been looking to recruit some new members to our Regional Committee. The Regional Committee is responsible for planning and delivering all the BMMC events in our region, including Training days, Recruitment events and Taster Days. Committee members also manage the regional entries in the volunteering database, advise on and co-ordinate upgrade applications, support members who have questions and queries, manage club regalia sales, edit the bi-monthly newsletter and manage both the region's pages in the national website and the regional social media. We would be particularly interested to include anyone who has an interest in environmental and sustainability matters as it affects our sport. As you can see, we have a lot of jobs to do so there is role to suit everyone. This time there were Committee vacancies from earlier in the year and, as each Committee member can only serve for a 3-year term before standing aside and seeking re-election, we had a total of 6 vacancies at the beginning of August when nominations opened.

Nominations for the Regional Committee closed on September 14th at 5pm. At that time 4 nominations had been received, and all nominations fully complied with all the requirements of the Club Rules. In accordance with Rule K.3.11, as the number of candidates does not exceed the number of vacancies, I can confirm that the following have been elected to the South Midlands Committee without the need for an electronic vote:

Nina Fountain

Emile Naus

Kaz Topping

Chris Whitlock

I am sure you will join me in congratulating them on their success and look forward to their work on the Committee.

Since this nomination period was opened we have had a further vacancy on the Committee, as Ian Whiting has been elected as South Midlands Regional Chair and so has to resign as a Committee Member. As there are now 3 vacancies on the Committee, under Rule K.3.6 the nomination period is being re-opened so that more people can apply. Candidates for the South Midlands Regional Committee must be Full or Life BMMC members, affiliated to the South Midlands Region and be active marshals. Each candidate must be proposed and seconded by two other Full or Life BMMC members who are also affiliated to the South Midlands Region. Completed application forms must be submitted by email to sm.secretary@marshals.co.uk by **Saturday October 5th at 5pm**. All emails will be acknowledged. The new committee will take effect from the Regional AGM in October, with the first committee meeting taking place at the beginning of November.

The nomination form can be found on the website or by contacting sm.secretary@marshals.co.uk

Secretary Scribblings

The South Midlands committee meets on alternate months, at present on the internet using Zoom, and all members are welcome to join us. Please see the meeting calendar below. Here is a summary of some of the topics that the committee has covered since the last Newsletter:

- Glynn reported a very positive response to our Recruitment Stand at Silverstone Festival. It was in a good location with plenty of footfall, and the team were able to continue despite the awful weather which forced some traders in the area to relocate. Glynn reported it was the best year at that event for potential recruiting since he took over the role! A huge thank you to the stand volunteers, and to Woolmer Classic Cars who provided a classic car for display every day. Why not volunteer to help at one of our Recruitment events next year?
- Last newsletter I reported on an issue to do with information on the Volunteering database, where the email address listed as the "Chief Marshal" for an event was not the *actual* Chief Marshal of the event but a person from the venue who co-ordinated volunteering. When a marshal used those contact details to ask for an assessment it appears that the recipient did not know what was being asked for or that this request needed to go to the Event Chief Marshal, and so did not pass it on. This misunderstanding has now been corrected, and all requests will now be forwarded to the Event Chief Marshal and the Race Organising Club
- The committee congratulated Ian Whiting on becoming the new South Midlands Regional Chair following the election process in July/August. He will take up his role at the AGM in October when Chris retires. Nominations are open for committee roles until October 5th, please see the separate notice in this newsletter.
- Kaz was able to start Silverstone Taster Days again in August and reported a very encouraging response. The only downside was that the attendees had been asked by SMT to arrive early so they could have a Silverstone site induction, which made for a much longer day for these "first timers" than that for other marshals. Also, as Kaz was not aware of the earlier arrival, she was not able to start their Taster Day early, so she is working with SMT to try to find a better way of managing this.
- All BMMC marshals are invited to Race Training on November 16-17 at Silverstone, organised by BRSCC. Entry is free but pre-booking is essential so go to the BRSCC website for details. Don't delay too long as places are filling up fast!
- The committee has had to organise the AGM as an on-line meeting and a separate annual end-of-season get-together, as we had been unable to get a suitable venue for both together on our preferred date before the deadline for announcing the AGM date. Please see a separate notice in this newsletter about the AGM. We are yet to finalise the venue or the nature of the social event, but it we will be sure to let you know.

Please let me know if there is anything you would like the Committee to discuss so I can add it to the agenda, but please let me know at least 2 weeks before the meeting. The dates for 2024 are below and the meeting starts at 19:45. If you want to join us please send an e-mail, along with your membership number and the e-mail address you will be joining from, no later than 2 days before the meeting to sm.secretary@marshals.co.uk and I will send you the joining instructions. **Monday November 4th**

If you have any comments or questions about the Committee, please don't hesitate to contact Marion on sm.secretary@marshals.co.uk.

BMMC Volunteering System

Below I have compiled a list of events happening in October, November and December within our South Midlands region, further details of these events can be found by logging on to our volunteering web site.

Please do use our volunteering web site to register for the events you are volunteering for, be it either volunteering for an event or just registering that you have volunteered direct with the organising club, these entries are used by our national committee with items such as the number of days our members have volunteered for, to obtain more accurate quotations for our insurance. Also don't forget to read the event notes which will give you more information about the event including in Silverstone's case which of the three circuits the event is running on.

Whichever way you choose to volunteer for any motorsport event please ensure you volunteer with one organisation only, this will ensure the event Chief Marshal has an accurate list of marshals volunteered.

Enjoy your marshalling and stay safe.

Marshal Recruitment

We have now completed the planned marshal recruitment events for BMMC South Midlands region for 2024, the final three events being Silverstone Festival, Kop Hill Climb and Silverstone BTCC.

We will not be attending the event at Bicester Scramble planned for 6th October as we are short of volunteers to help on the stand.

Despite the extremely inclement weather at both Silverstone events all three events were successful with a few potential new marshals signing up on our iPad and lots accepting leaflet handouts. This we hope encourages these fans to read the leaflet and sign up via our website and in some cases where fans are retiring from full time work within the next few years, setting the seed for the future.

If you see or meet any new marshals at any of the events around the country do answer any questions they may ask and do remember we all started as newbies sometime in the past.

Your SMids. Committee will be deciding on the list of recruitment events for 2025 early next year and will be looking for marshals of any grade to help with the recruitment event. Failure to receive volunteers for this important role will mean the recruitment event WILL be cancelled.

Leslie Harris Trophy

The 2023 winner of the Leslie Harris Trophy for South Midlands New Marshal of the Year was Catherine Smart.

Before she returned the trophy to be passed to the new recipient, she took the opportunity to show the trophy to the whole Harris family, all of whom are now marshals at Hunts Kart Racing Club at Kimbolton.

In the photo are Catherine and Paul Harris (centre), with (L to R) Annija, Dominic, Matt and Summer Harris.

FIA Kart Marshalling – The View from a Flag Post

At the beginning of September, I was fortunate to be selected to marshal at two FIA Karting events, the first time these events had been held in UK for some years. The first event was Champions of the Future, and the following week was a round of the World Kart Championships. Both were held at PF International in Lincolnshire, and both were four-day events.

I have been kart marshalling for 7 years, and I am qualified as both a flag marshal and an off-track marshal in both Assembly/Dummy Grid and Starter roles. For these two events I was to be a Flag Marshal for Champions and a Grid Marshal for the Worlds. Both events were timetabled with a “Free Practice” day on the Thursday, before Timed Qualifying and Heats on Friday and Saturday with the Finals on Sunday. Due to other commitments, I was only able to marshal on the Thursday and Friday of both weeks, so for each event I was “buddied-up” with another marshal who could only be there for the weekend days, so we did half the event each.

On each day our briefing included an overview of the FIA flag procedures which we would be using, as these were different from the Motorsport UK procedures we were all used to, so I thought I would share what we were doing differently. The differences were in two areas, how and when we used yellow flags, and the “Slow Procedure”, the FIA-equivalent to the Quarter-flag procedure (which in turn is the kart equivalent of a Safety Car in Race). Also new for us was the requirement to have 2 flag marshals on every post, as many karting events not only have solo flag marshals but many kart circuits, including PF, have flag posts only big enough to house one! For those posts not already behind tyre walls additional protection had been provided so there was a safe space for 2 flag marshals to work. We were also told that it was mandatory for any stopped drivers to go into a flag post for the remainder of the session, so it proved very cosy at times, particularly after one on-track incident when there were 2 marshals and 3 drivers all on my (single occupancy) post!

The yellow flags we were asked to use would be familiar to all Race flag marshals – single and double waved yellows, but as UK kart flags still use static and single-waved, it was time to train up the shoulders and get both arms in motion. The on-post lights were only set for static and single-speed flashing, so we needed to manually adjust the pre-set repeater yellows to match. We were also coached on what type of incidents needed double waved yellows and which needed single waved, as this was different to the corresponding discrimination between static and waved that we were used to using at club level and resulted in us using the higher-level warning much less frequently than we otherwise would have done.

The “Slow Procedure” is a cross between the kart Quarter Flag procedure and the Race Safety Car procedure, as it uses a “Slow” board, a single waved yellow flag and a flashing yellow light on each flag post to slow and bunch up the pack. With more bodies and kit than usual on a flag post it wasn't easy to find room for a quickly deployed large board as well! The process to close the Slow Procedure also took a bit of getting used to, as the last lap had different signalling, with a static yellow flag and no lights before full-course green flags for the first racing lap. Fortunately, we were talked through a couple of practice sessions at the start of every day and again after lunch break, so by the time we needed to use the new procedure for racing on the Friday we had it nailed on and we executed it perfectly.

Across both events the racing skills shown by these top drivers was breath-taking. I've kart marshalled for club racing, for the Motorsport UK British Championship and for UK Kart Masters, but these international events were simply a whole different level. Trying to report infringements from a flag post was so much more difficult due to the speed of the karts and the ability of the drivers to disguise their manoeuvres, so the circuit camera coverage was vital. With a 5 second- in-race penalty being the difference between 3rd and 20th place in one of the heats it was so important to get the calls correct, and I'm glad it wasn't down to me to make the decisions. All the recent young F1 drivers have graduated through one or both of these competitions, and I've kept the entry lists from these two rounds to check which future top-level drivers I've already seen. Do try to watch some of the coverage from both events, it really is amazing driving.
